Group for the Advancement of Doctoral Education in Social Work (GADE)

The Group for the Advancement of Doctoral Education in Social Work (GADE) was established over 25 years ago to provide a forum for sharing ideas and strategies among doctoral programs in social work, and for strengthening efforts at enhancing doctoral education. The membership, comprised of directors of established social work and social welfare doctoral programs located in accredited universities, has established three student awards in hopes of advancing social work scholarship, teaching, and service – three principal areas in which full-time professors are typically engaged as faculty members. This award reflects a commitment to bring visibility to our greatest resource, our students, who provide us with professional purpose and continuously offer us new ways to think and grow.
